JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Stables and Disposal of Manure. (Reg. Bd. of H., May 1, 1913.)

CHAP. III.—SECTION 1. *Petitions for stables.*—Every person desiring to erect or occupy a stable in the city of Brockton must present a petition to the board of health, said petition to be made out in form prescribed by the board. A plan must be submitted with the petition, showing the proposed location of the stable on the lot, the front view of the stable, and the location of the stalls, manure pit, and ventilating shafts.

SEC. 2. *Washing of carriages and horses, care of stables and yards, and accumulation of manure.*—The owners or occupants of livery or other stables within the city of Brockton shall not wash or clean carriages or horses, or cause them to be washed or cleaned, in the streets or public ways; they shall keep their stables and stable yards clean, to the satisfaction of the board of health.

SEC. 3. *Manner of removing manure.*—No manure shall be removed or carried through the streets of this city except in a tight canvas-covered vehicle, with the covering so secured to the sides and ends of the vehicle as to prevent the manure in process of removal from being dropped or left in any street or way of the city. No manure shall be loaded into a vehicle in or upon any street, lane, or passageway, nor upon or across any sidewalk, without a written permit from the board of health, and all the conditions of such permit shall be strictly complied with.

SEC. 4. *Manure—To be removed from stables every week.*—Every person using any stable, building, or structure in which any horse or mule is habitually kept or stabled, is required to remove the manure from such premises at least once every week and to dispose of the same to the satisfaction of the health department.

SEC. 5. *Stables—Disinfection of manure boxes and stalls.*—All persons who have and are operating or using barns, stables, or other buildings for the keeping or housing of horses or mules shall be required to keep all manure in a tight, covered box, and in no case will manure be permitted to accumulate as open piles in any yard or premises in the city. These boxes must be kept clean and disinfectants used therein after each emptying.

SEC. 6. All persons having and operating stables, as above described, within the city limits are required to use disinfectants about those portions of the floor where manure and urine habitually fall and are maintained.

SEC. 7. All persons having and operating stables shall in all other ways possible employ means that will prevent the breeding of flies and creating of nuisances.

Privies, Cesspools, and Drains. (Reg. Bd. of H., May 1, 1913.)

CHAP. IV.—SECTION 1. *Buildings to be connected with sewer.*—Every building situated on a public or private street, court, or passageway in this city, in which there is a public sewer, is hereby required by this board to be connected by a good and sufficient particular drain with such public sewer.

SEC. 2. The board of health may exempt from the provisions of the preceding section any building or buildings which in their judgment ought to be exempted, and said exemption may be either temporary or permanent as said board may determine.

SEC. 3. *Privy vault not to be connected with sewer.*—No privy vault shall be connected with the common sewer by a drain constructed to carry off the liquid contents thereof.

SEC. 4. *Water-closets, vaults, privies, cesspools, and drains to be cleansed.*—Whenever a water-closet, vault, privy, cesspool, or drain become offensive or obstructed, the same shall be cleansed and made free, and the owner, agent, occupant, or other person having charge of the premises on which any water-closet, vault, privy, or drain is situated shall remove, cleanse, alter, amend, or repair the same within such time after notice in writing to that effect, given by the board of health, as shall be expressed in such notice.
